

Investing for Success

**Under this agreement for 2017
Albany Hills State School will receive**

\$235,290*

This funding will be used to

Work towards targets drawn from the 2016-19 Strategic Plan

- 100% of students who are capable to achieve a 'C' or higher in English, Mathematics and Science
- 100% of students in Years 3 and 5 to be above the NMS in Reading, Writing and Numeracy
- 60% of students in Years 3 and 5 to be in the Upper Two Bands in Reading, Writing and Numeracy

Our initiatives include

- Analyse 2016 NAPLAN to identify students in Years 4 and 6 who are below NMS in Reading, Writing and/or Numeracy. Supplement the classroom learning program with the Intervention Program to focus instruction on these students needs
- Analyse data from the Semester Achievement Report in English, Maths and Science to identify students who are at risk of not achieving a 'C' in the end of Semester Reports. Supplement the classroom learning program with the Student Services Program to focus instruction on these student's needs.
- Analyse data from the Semester Achievement Report to identify students who are achieving an A or B (or have the potential to be). Supplement the classroom learning program with the Student Services Program to focus instruction on these student's needs to realise their potential.
- Continue to implement the Albany Hills Mathematics Program, with an emphasis on reasoning and problem solving.
- Implement the Albany Hills Writing and Spelling Programs. This includes a curriculum program and a specified approach to pedagogy, including assessment.
- Implement the Albany Hills Science Program that provides for an inquiry approach to learning as well as the application of literacy and numeracy skills
- Implement a student engagement program that supports students at risk of not achieving to expectations

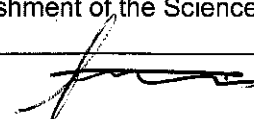

Our school will improve student outcomes by

Strategy	Allocation
Conduct collaborative planning sessions with all year levels. Costs are associated with providing in-school time to teachers to engage in team planning and decision making	\$51 290
